DON'T SEE SOMETHING? CONTACT US TO SEE HOW WE CAN MEET YOUR NEEDS

THESE BRANDS DEPEND ON US AS A **STRATEGIC PARTNER** FOR THE REGION

INDUSTRIES SERVED

MANUFACTURING

- Automotive & Tiers
- Primary Metals
- Metal Fabrication
- White Goods
- Petro-chem
- Food & Beverage
- Defense

UTILITIES

MINING, OIL & GAS

CONSTRUCTION

TRANSPORTATION

- Road
- Rail
- Waterway

SERVICES OFFERED

EVALUATION

- On-site evaluations and demos
- Recommendations, ROI calculation & expense justification
- Custom engineering concepts
- Specification writing

INSTALLATION & STARTUP

- Project management
- Coordinated deliveries & kitted solutions
- Provide labor as needed
- Testing & troubleshooting
- Training

SUPPORT

- Equipment troubleshooting
- On-site torque auditing
- DC electric tool optimization
- ROI validation
- Remote monitoring

CALIBRATION & CERTIFICATION

- ISO 17025 calibrations for transducerized tools
- Load testing of lifting equipment & hydraulics
- Magnetic particle "magna-flux" testing

REPAIR & MAINTENANCE

- Factory authorized repair and warranty centers
- Free evaluations*
- ISO accredited for DC tools
- Customized service contracts

*except hoists and ergonomic lifting systems

TRAINING & EDUCATION

- One-on-one & group training for any stakeholders
- Proper & safe operation
- Repairing and maintaining
- Configuring, optimizing, and troubleshooting

RENTALS & DEMO

- Rentals of hydraulic bolting & assembly tools, hoists, etc.
- Demos for fastening, quality assurance tools, grinding and more

FINANCIAL CONVENIENCES

- Financing & leasing
- Electronic Fund Transfer
- Electronic Data Interchange
- All major credit cards accepted
- Consolidated monthly billing offered

SAFETY CONSULTING

- We identify (and teach how to identify) injury risks, both chronic and acute
- Covering material handling, fabrication, and assembly operations
- Train stakeholders on safe operation of equipment
